

MEHRAN SOUFI

Frontend Developer | Computer Engineer

Tehran, Iran · [Email](#) · [GitHub](#) · [LinkedIn](#) · [Portfolio](#)

PROFESSIONAL SUMMARY

Computer Engineer and Frontend Developer with hands-on experience building modern, responsive web applications. Proficient in JavaScript, TypeScript, React, and Next.js, with a strong focus on writing clean, organized, and maintainable code. Detail-oriented and responsible, with a strong sense of ownership and a genuine interest in problem-solving, exploring new solutions, and learning modern technologies. Enjoy working collaboratively and delivering accurate, well-structured, and reliable work.

TECHNICAL SKILLS

Languages: JavaScript · TypeScript · HTML · CSS
Frontend: React · Next.js · REST APIs · React Hooks · Responsive Design
Styling & UI: Tailwind CSS · Sass · shadcn/ui · Bootstrap
Tools: Git · GitHub · Vite · npm · Axios

EXPERIENCE

Oghab Neshan Iranian — Administrative Staff

May 2026 – Present

- Worked collaboratively with team members, managed assigned tasks, and followed up on responsibilities to ensure they were completed properly and on time.

Ramin Bazargan — Administrative Staff

September 2025 – May 2026

- Supported administrative and operational activities within the company.

Military Service

December 2023 – August 2025

Sheypoore — Site Supervisor

May 2019 – November 2023 · Remote

- Reviewed and monitored user-submitted listings to ensure accuracy, completeness, proper categorization, and compliance with platform guidelines.
- Checked listings for inappropriate or prohibited content and helped maintain the quality of published content.
- Served as a shift supervisor, coordinating daily tasks and supporting the team during assigned shifts.
- Provided suggestions for improving the website’s user interface based on observations and user-facing workflows.

Mobinatek — Web Teacher / Teaching Assistant

May 2021 – February 2022

- Assisted the instructor during web development training sessions and supported students with practical exercises and course materials.
- Solved assigned exercises and helped students understand web development concepts.

July 2022 – September 2022

- Gained hands-on experience with React and Sass through practical frontend development tasks.
- Assisted with frontend-related tasks and developed practical experience in a real-world React environment.

PROJECTS

Toolbox — Multi-Tool Web Application IN DEVELOPMENT

Next.js · TypeScript · Tailwind CSS · shadcn/ui · React · Framer Motion

- Developing a modern multi-tool web application that brings practical utilities into a unified, responsive interface.
- Building reusable UI components and implementing tools including a calculator, Persian calendar, image conversion, weather, and market prices.
- Currently in the final stages of development and not yet publicly released.

MovieNet — Movie & TV Discovery Platform

Next.js · React · TypeScript · Tailwind CSS · Swiper

- Developed a responsive movie and TV discovery platform with searchable content and dedicated pages for movies, series, and actors.
- Built reusable UI components and implemented loading and error states using the Next.js App Router.
- Created responsive and interactive content sections with a focus on maintainable frontend architecture.

Personal Portfolio — Frontend Developer Portfolio

Next.js · React · TypeScript · Redux · Tailwind CSS · Framer Motion · Swiper

- Designed and developed a responsive personal portfolio website to showcase professional experience, technical skills, and selected projects.
- Built reusable and interactive UI components with React and Next.js, with responsive styling and animated content sections.
- Deployed the application to Vercel for production use.

VaghtNegar — Persian Browser Widget

React · TypeScript · Vite

- Developed a Persian browser widget combining calendars, daily occasions, task management, weather, search shortcuts, and market price information.
- Implemented interactive features including Persian calendar navigation, task management, weather search, and market data display.
- Packaged the application as a browser extension for Chromium-based browsers and Firefox.

EDUCATION

Bachelor of Science in Computer Engineering

Payame Noor University · 2018 – 2022

CERTIFICATIONS

Certificate of Completion — Introduction to Android Development with Java

University of Tehran
